

ALL WE SEE IS
POTENTIAL.

WHAT INVESTMENTS DO WE MAKE?

YOUR PARTNER GUIDE TO OUR GRANT TYPES

INVESTEES

Making Children Successful

Our full-time Investees are nonprofits in our focus areas selected by our committee to receive a multiyear investment, capacity building tools, and Partnership expertise for 3-5 years to increase their organizational capacity and amplify their impact.

REFUEL

Consider us a pit-crew

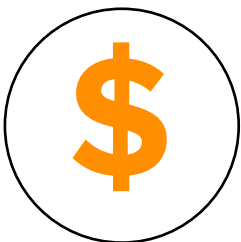

Just like race cars, every once in a while an organization needs a pit stop to ensure everything is running smoothly. Our Refuel Investee is a past full-time Investee selected to receive a one-time grant, leadership support, and Partnership expertise for one year to increase their organizational capacity.

NEW PARTNER GRANT

An Impactful Introduction

Twice yearly our new Partners form a committee to choose a nonprofit to receive a one-time grant and a meaningful Partner connection. This grant process acquaints new Partners with SVPAZ's venture capital approach to philanthropy and supports another nonprofit making children successful.

MICRO-GRANTS

As part of our commitment to supporting nonprofits through grantmaking, SVPAZ awards numerous micro-grants to nonprofits every year for organizational development in areas such as technological advances, marketing support, and other webinars and workshops.
